

Welcome to the Credential Registry

These instructions will help you navigate through the two-part process of account creation and adding an organization so you can publish to the Credential Engine Registry. Once you have confirmed your account and submitted your organization, you will need approval from the Credential Engine team before being able to publish. Once approved, you will receive an email with next steps specific to the method of publishing you choose. If you have any questions or need assistance, please contact info@credentialengine.org.

Creating an Account

1. Begin by accessing the Authentication System and enter your personal information in the following fields: <http://credentialengine.org/accounts/account/register>

Items marked with * are required.

Email Address *

Confirm Email Address *

Profile Name *

First Name *

Last Name *

Password *
Enter a strong password of at least 8 characters, with at least one lower case letter, one upper case letter, one digit and one special character (non-digit, and non-letter).

Confirm Password *

Professional Title

Office/Daytime Phone Number *

Mobile Phone Number

I accept and agree to abide by:

- The [Privacy Policy](#),
- The [Terms of Use](#),
- The [Publishers Agreement](#),
- The [Minimum Data Policy](#), and
- The [Data Currency Policy](#).

2. Once you have entered the information and clicked submit, you will receive an email that will ask you to confirm your account. Following that link will direct you to a new page where you will be asked to enter your organization's information.

Adding a New Organization

1. After confirming your account, you will be directed to a page that will look like the image below:

Manage Organization

Welcome

Now that you have confirmed your account, you can set up your Credential Engine organization.

Here you will provide basic information about the organization, contact information, and the type of organization.

As well, you will indicate which publishing methods you will be using, if publishing for yourself. If you are going to allow a third party organization to publish on your behalf, you will be able to select the organization after completing the organization. Often, the third party publisher will initiate the request to set up an account and complete the required organization information. Upon completion of the latter, you can confirm that you are allowing that third party organization to publish on your behalf. At any time you can revoke the publishing privilege from the third party.

New Organization

Complete your organization's information. This information is required by Credential Engine to review your request to publish to the Credential Registry.

*Items marked with * are required.*

Note: Fields that are marked with the red asterisk are required.

2. Begin by selecting the Publishing Roles. Note that one or more of these roles may be selected.

Select your organization's role with publishing to the Credential Registry:

Publishing Roles *

- Credential Organization
- Quality Assurance Organization
- Third-Party Publisher
- Competency Framework Organization

3. Then select the publishing method(s) for the organization. Note that one or more of these roles may be selected.

Publishing Methods *

- Registry Assistant API
- Manual entry of CTDL Resources
- Bulk Upload of CTDL Resources
- Entry of Competency Frameworks

4. In the next section, fill out the organization information in the fields below.

Basic Information

Name *

Website URL *

FEIN *

DUNS

OPEID

Primary Phone *

Secondary Phone

Email Address *

Profile Name *

Used to link to your organization's profile. May contain A-Z, 0-9, and underscores. It must be between 3 and 50 characters in length. We recommend using a name that is as close as possible to your organization's official name, a shortened version thereof, or which matches your organization's name on social media.

Note: An FEIN (Federal Employer Identification Number) is nine digits.

5. Next, complete the address information section.

Address

Street Address *

City *

State/Province *

Country *

Postal Code *

6. Under the Type Information, select the appropriate sector for the organization.

Sector *

Private For-Profit

Private Not-For-Profit

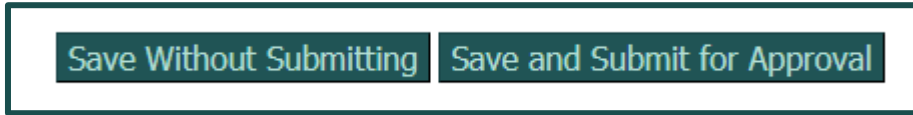

Public

7. Then select the appropriate type of organization from the options listed. Note that more than one type may be selected here.

Types *

- Assessment Body
- Business
- Business or Industry Association
- Certification Body
- Four-Year College
- Government Agency
- High School
- Labor Union
- Magnet/Competitive Admissions School
- Military
- Alternative/Non-Traditional School
- Postsecondary Educational Institution
- Primarily Online
- Professional Association
- Quality Assurance Body
- Secondary School
- Career and Technical School
- Education and Training Provider
- Two-Year College
- Vendor

8. Finally, save your organization information in the bottom right corner.

- a. Save Without Submitting will simply save the information you have entered. This data will remain in the Accounts System as a draft meaning you can come back and make changes.
 - b. Save and Submit for Approval will result in a notification being sent to the Credential Engine Team. They will review and decide whether or not to approve the organization you have submitted. You will be notified via email when the organization is submitted and when a decision has been made for the organization in question.
9. Upon receiving approval, you will then be ready to add your organization's credentials to the Credential Publisher located here: <https://credentialengine.org/publisher>

Note: You may always update this information when you are logged in to the Accounts Dashboard. While on the Dashboard, you will see your organization. Simply click the "Edit" button and you will see the screenshots shown above.
