

# 2022

## Counting U.S. Secondary and Postsecondary Credentials Reports Find:

**A TOTAL OF**

### 1,076,358 credentials

in the United States, including diplomas, badges, certificates, apprenticeships, certifications, licenses and degrees of all types and levels.

---

**A TOTAL OF**

### \$2.133 trillion

is expended annually in the United States on the delivery and attainment of these credentials.

---

**OFFERED BY**

### 59,692 providers

across the U.S.

Now is the time to embrace a shared language and standard for what is behind a credential or skill.

---

Read about our findings in the **2022 Counting U.S. Secondary and Postsecondary Credentials Report** and the accompanying **Budget Report**.
